|              | Storybook Character Day (Dress up as your favorite book or movie character)                                                                                                                                                                         |         |                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                | SOAR Team Spirit<br>Day<br>(Wear Green)                                                                                                                                                                                                                                                                                                                                                 |
|              | the picture & what we've learned about Lewis and Clark.  Read aloud the following Sacagawea book to students.  Make sure to highlight any text features you see along the way.  Optional activity for students- Seesaw Activity- Who was Sacagawea? |         | In a group discussion, introduce a venn diagram and explain how it is used to compare information.  As a class, students will use the Lewis & Clark Venn Diagram to compare lives. How are their lives the same? How are their lives different? (Students will have at least 2 sentences in each part of the venn diagram.)  **Upload assignment to Seesaw (Social Studies folder) | maybe you can figure it out the destination based on items packed.  Teacher will start to place items in suitcase. Have students share their thoughts and ideas about what type of trip or the destination. (At the very end, add a "coat" and "snow" boots. Ask them how these items help inform us about our destination.)  Students will consider how our place (where we are going) effects what we bring with us to help us explore!  Reveal destination. | and share observations about the different items.  Conclude by pointing out that some of the items don't look like items we use today. Allow students to share their thoughts about how this affects WHEN we are travelling.  Reveal that these are all items that Lewis and Clark would have brought on their journey out west. Discuss how time periods affected how people explored. |
